Docket No. 98N-1265

0256 '99 APR 26 MD 109

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The F.D.A. is supposed to be for the
people. Pharmacologists are licensed and responsible.
Specialized Pharmacies are few and excellent
ones are not necessarily in each area. Please, do
not restrict our access to them over state lines.
Please, do not allow the drug companies to
control this. We need the free market and
specialized care that the independent pharmacies
provide.
Thank You!
